Sean Ang Xun Ning

Jurong West Central 1, 641680 | (+65) 91196971 | seanaxn1135@gmail.com

Summary

Sean is a diligent individual with an avid interest in problem solving and critical thinking. He does not shy away from unconventional solutions and is always open to new ideas. His curious and self-motivating spirit can be seen by the drive to pick up relevant and upcoming technologies outside of academics such as Python and Machine Learning. With various leadership roles under his belt, Sean is proficient in communicating and working with others in order to achieve team goals.
